Hose & Trigger Gun

Auto Cut Off Switch

Lance

Foam Gun

Hose Reel

TECHNICAL SPECIFICATION

Parameters	Units	Data
Max. Operating Pressure	bar	115
Flow Rate	lpm	9
Input Supply Voltage	V	3ph, 415 ± 10%
Frequency	Hz	50
Total Connected Load	hp	3
Working Temperature	°C	5 to 45
Length Of Output Hose	m	12
Type Of Gun	-	Trigger Gun
On/Off Switch	-	Available
Trigger Gun Controlled Pump	-	Available
Overall Dimensions (LxWxH)		
Cage Model	mm	860x545x490
Trolley Model	mm	950x630x1060
Approximate Weight		
Cage Model	kg	65
Trolley Model	kg	70

ADVANTAGES

- Direct drive mechanism
- Auto cut-off of trigger mechanism
- High pressure and low pressure mode available
- Jet & Spray pattern enabled
- Easy mounting on floor or wall
- Compatible with Lance & Foam Gun

BENEFITS

- Low water consumption
- Designed for continuous running
- High pressure ensures heavy dirt cleaning
- Reduce operator fatigue with trigger controlled mechanism
- Low pressure mode for engine area cleaning
- Trolley model enables easy maneuverability
